

## Two Powerful Workshops with David Hulse, D.D. Maryville, TN – March 19-20

### “DNA IS NOT YOUR DESTINY” with ACTIVATION MEDITATION

DNA is our human blueprint and the information that creates our physical body. The challenge comes when some of that information gets out of sequence and misspelled through genetics, stress, toxins or validating misinformation put into our belief system. At this workshop, we will explore the question – Can we through conscious intention and the use of sound and vibration, correct some of these misspellings and therefore create a better quality of life. Furthermore, can we activate some of the 97% of unused DNA and access a higher intelligence?

**Friday, March 19 – 7-9 PM (Maryville, TN)
